Town Meeting

APPROVES 4.1 MILLION BUDGET

A hotly debated revaluation article required two votes to be passed and sparked one of the more memorable comments of the night. "After the State taxes fixed income people out of their homes we can ride them out of Mattapoisett for a dime (on subsidized buses)." The yearly valuation was seen as a method of foiling Proposition 2 1/2 by constantly raising the valuation of the homes in the town. A show of hands on Article 9 which authorizes the Selectmen to contract with an outside firm to revalue the town appeared to defeat the article. Then, Selectmen explained that should the town refuse to do it then the state would do the job and impose a 30% penalty fee. The show of hands vote was 108 to 38. Selectmen explained that the town complied with the state edict to revalue in 1975 too readily, then the state changed the law so that this reevaluation did not comply with the terms of the new law which now necessitates a new evaluation.

Voters narrowly approved a "worldwide" nuclear freeze after Selectman James Huntoon became a co-author by introducing on the floor a resolution that the language be changed to widen the scope of the freeze to the entire world.

Selectman Frank Suzan said that he could not support the freeze because he had served a career in the U.S. Navy and believes in backing the U.S. government in matters of defense. He said that he had stood on the site of both Hiroshima and Nagasaki after nuclear destruction and that anyone who had seen the devastation would wish the atom bomb had never been invented. He said that as a realist he knew that the best way to prevent this from happening again was to support our government in its defensive actions.

George Mock was spokesman for the Nuclear Freeze (Article 26), outlining the horror of nuclear war and the time factor involved. He said that the world could be destroyed in half an hour. He said that we cannot trust the Russians; however, nations can cooperate when their interest is mutual.

The resolution passed on a hand vote of 88 to 71.

A plan to contract with the Fairhaven District Nurses for visiting health care was debated at some length. Board of Health

Chairman Dan Lee explained that his board had agreed that this was the only solution to the vacancy of a district nurse administrator. He said that the board had tried and failed to find a qualified applicant and that the 3 who had applied all wanted over $18,000 per year. He said that the Fairhaven alternative would provide unbroken care with no loss of services but a gain of some that were not previously available. Lee explained that the Fairhaven nurses would do the work for the fees collected and that the town would have a part time nurse to do the Board of Health work. Ada Macomber, Fairhaven District Nurse Administrator, said that the same people would be working in Mattapoisett and that she has prepared to make the changeover so smooth that the only noticeable difference would be the new phone number.

SPRAYING - The spraying for insect and pest control was debated by people opposed to such measures. People asked that areas to be sprayed be posted in advance as well as the type of spray to be used. The Dutch Elm disease's spray sum of $1300 was eliminated when Winfield Jenney pointed out that only 2 such trees remain in town.

The Dutch Elm money was applied to building storm drains on Pinehurst Avenue on a motion by Mr. Jenney that was approved unanimously (Article 27).

Article 28 (not recommended) was approved to reimburse Raymond Cabral for installation of utility poles. He asked for $1400.

ARTICLE 13 (EXEMPTION FROM 2 1/2)

A vote of 99 to 9 authorized the Selectmen to petition the legislature for exemption from Proposition 2 1/2 to capital expenditures on Old Rochester Regional High School. Two committee members were

authorized to join a 7-member committee to study the school need for repair.

Other articles followed closely the recommendations of the Finance Committee.

The longest debate concerned the Old Colony budget. All three school committee members protested that level funding the Old Colony budget amounted to punishing that school for frugal budgeting of the previous years. They warned that the $21,000 cut in Mattapoisett amounted to a $200,000 overall loss to their program. Selectmen explained that they had conferred with the Selectmen in the other member towns and had agreed to level funding to save the town with the greater burden of support from financial crisis. They said that their sympathy was with the school committee but they had to keep their word with the other towns. They said, however, that if state aid came up with the money then they would attempt to increase the amount for Old Colony.

Selectmen's Meeting

FIRE CHIEF ASKS FOR RAISE

Fire Chief Paul Bradley told Selectmen that he considers his $1300 salary is not adequate for the responsibilities of his job as fire chief. He said he feels that the basic salary is ridiculous and that he would like to retire from his job as mechanic at the garage at the end of this year. He said he would like to see the pay for the Fire Chief at $5000. He said that he has 38 men and 2 captains in the department and that last year his total salary was $2800. Selectmen agreed to look at the pay of the fire chief in area towns with volunteer fire companies. Marion pays $1000 yearly basic and Wareham $3,344 it was stated. Selectman James Huntoon

suggested that an increase might be made within the fire department budget by cutting the number of fire engineers and captains. Bradley said that he could operate without the fire engineers but that the captains take care of their own trucks and he needed them to do that job. Bradley said that he could do some light mechanical maintenance on the equipment. Selectman Frank Suzan said that the town should not establish a policy of having the Chief responsible for mechanical work because it would mean that a future chief would also have to be a mechanic.

Executive Secretary Carol Adams was asked to sound out the area towns on their basic pay to fire chiefs and compile a report for Selectmen's consideration.

FINANCE COMMITTEE THANK YOU

Selectman John DeCosta proposed and the Board endorsed a thank you to Finance Committee members and Chairman Michael O'Brien, and School Committee members for the tremendous amount of time and effort put into preparation for the Town Meeting. The Selectmen appreciate the work and cooperation from all.

Diplomat: Falkland Crisis

The Tabor Academy International Students' Club will present Mr. George Walden, a British diplomat, to speak on the Falkland Island crisis on Thursday, May 13th, at 7:00 p.m. in Lyndon South auditorium. Thanks to the efforts of Neale Andrews, an English exchange student at Tabor, Mr. Walden has agreed to address the agonizing issues surrounding the Argentinian invasion of the Falklands and the subsequent attack on the Argentinians by the British fleet.

A diplomat for twenty years, Mr. Walden served as the principle Private Secretary to the British Foreign Secretary (first, Dr. David Owen and then Lord Carrington) between 1978 and 1981, and as such dealt with all of Britain's foreign affairs, including the recurring problem of what to do with the Falkland Islands.

What is the background to the current crisis? What options are open to the British? - to the U.S.? This forum is to help find answers to such questions as well as increase public awareness and understanding of the problem. Everyone is welcome.

POLICE OFFICERS VISIT PRE-SCHOOL STORY HOUR AT ROCHESTER LIBRARY

On Wednesday, April 28, the children of the Plumb Memorial Library Pre-School Story Hour were visited by Officer Phil Zimmer of the Rochester Police Department. Officer Zimmer discussed the policeman's job with the children and answered their many questions. He also read "Make Way for Ducklings" delighting the children with his vocal impressions of Mr. and Mrs. Mallard.

Officer John Philbrook brought the police cruiser by, allowing the children a close look at the cruiser and its contents. Many of the children were interested in how the lights and siren worked. Of course they were treated to a loud demonstration!

The Story Hour volunteers would like to thank Officers Zimmer and Philbrook for donating their time.

When you think of owning a new car is this the new car you think of owning?

A lot of people take one look at the rates for an auto loan and say, forget it. But here at Fairhaven Savings the rates are the lowest they've been in months, so maybe you can afford the car you really want.

Particularly since we ask for only 20% down. As opposed to 30% at many other places. And you have four years to pay. Not three. Once you have filled out the application, you can get the cash in 24 hours. We even have a telephone hotline to call to get the wheels turning. Call 999-7000.

Look at it this way. Now that Fairhaven has brought down the rates, all you have to do is come up with the car.

Parents are reminded that immunizations must be up to date in order for a child to be admitted to school in September.

This clinic, conducted by residents of Mattapoisett, is sponsored by the Mattapoisett School Department and the Board of Health; nurses from each participate in the clinic.

TABOR SINGERS ACCOMPANY JOHN AYER AT ORGAN RECITAL IN FAIRHAVEN

The Tabor Chorale, a select group of twelve singers, will perform at an organ recital by Tabor Academy's Director of Choral Activities and Chapel Organist John Ayer at the Unitarian Memorial Church in Fairhaven on Sunday, May 16, at 4:00 p.m.

The students involved are: Dean Decas, Wareham; David Dinneen, Bridgewater; Albert Eaton, Fryeburg, Maine; Alyce Gomez, Sandwich; Kristen Lindblom, North Dartmouth; John McConnel, Arlington, Vermont; Jennifer McLean, Mattapoisett; Chris Plumb, South Orleans; Kristin Richardson, Marion; Samantha Seguin, South Dartmouth; Christina Sewall, South Dartmouth; and Denise Wallace, Plymouth. They will be singing three chorales in conjunction with the works of Bach, Brahms, Mendelssohn and Tournemire played by Mr. Ayer.

John Ayer has been at Tabor for three years, having previously held some interesting posts, the most recent of which was as American Assistant to Dr. Allan Wicks, Organist and Master of Choristers at Canterbury Cathedral in England. He has both Master's and Master of Sacred Music degrees from the Perkins School of Theology of Southern Methodist University in Dallas, Texas, and has performed extensively on the east coast of the United States as well as on numerous historic organs in Holland, Denmark, East and West Germany. His engagements this spring have included performances at the National Cathedral in Washington, the Busch-Reisinger Museum at Harvard, St. Thomas' Church in New York City and Trinity Church in Boston.

Letters to the Editor

Three men have given their time without pay to help others. Officer John Camacho and Lieutenant James Santos of the Mattapoisett Police Department, as well as Skip Faulkner, a New Bedford EMT, have conducted an excellent 10-hour CPR course at the Mattapoisett Knights of Columbus Hall. Please print this letter so they will get a little of the recognition they deserve. Among teachers, they are three of the best.

TO THE EDITOR

The Kennedy-Donovan Center is a publically funded agency which provides excellent "whole person" development and rehabilitation therapy for physically and mentally handicapped pre-school children. The Center is headquartered in New Bedford with satellite facilities throughout southeastern Massachusetts. Early intervention for children, especially the mentally impaired, is not a nicety; it has been proven to be a necessity if these children are to reach their potential (in some cases a normal IQ) and become productive citizens. The Kennedy Center is the only facility in southeastern Massachusetts which provides these vital services. There is no alternative to the Kennedy Center, public or private.

The Center is funded by the Department of Mental Health and the Department of Public Health (both state agencies). Last year, the Center received $188,000 from these departments. For the next Fiscal Year, beginning July 1, these departments

have cut their budgets (statewide) for this type of program approximately $360,000 and have passed 25% of this cut ($90,000) on to the Kennedy Center. It should be noted that the Center is but one of the thirty agencies supported by these departments. This disproportionate cut translates into the discontinuance of therapy for approximately 45 children and a degradation of services to approximately 300 afflicted children. This reduction represents nearly 50% of the Center's former budget. The Center has been closely audited and found to be economically efficient and to provide services termed "model". The budget cuts will result in a classroom shutdown and professional staff layoffs.

In several cases, without Kennedy Center therapy, the affected children will have to be committed to institutions at great public and emotional cost. The investment of funds to help these children is actually a long term saving in lieu of a wasted life as a welfare recipient. These children can and have become productive taxpayers, but not without help. It would appear that they are being victimized by short term political decisions

or a deplorable failure to examine the full impact of this budget.

The Center is appealing to you to help it retain its former budget. The proposed budget has passed the House and is going before the Senate. Would you consider writing to the Legislature in support of the Center and ITS CHILDREN? This budget will deprive these children of their birthright to be provided educational facilities according to their needs. This action is tantamount to discrimination based on condition of birth and geography.

If you agree that this is an essential service and that this action is unfair, please write today. (The proposed budget passed the House in record time.)

spring/summer tour with the residency. The tour will extend throughout the midwest including performances in St. Louis, Chicago, and Milwaukee, and will take the Company to New York City, where it will do six performances at the Space at City Center.

The Company, led by Artistic Director Michael Mao, will give Old Rochester students a chance to work behind the scenes of a professional troupe. Students may participate in the Company Class (a daily requirement for all professional dancers), will work with the Company backstage, will learn about repertory and general training required for dancers, and will be able to see the Company perform. The Company performance, scheduled for 7:30 p.m. at Old Rochester Regional High School Auditorium, is open to the public. Student activities are being coordinated by Bruce Kantor of Mattapoisett.

"We think this residency will be exciting for everyone involved," said Mrs. Stevens. "For the Company, it will be a chance to perform new works in a wonderful setting. For the students, it will provide a chance to see behind the scenes and work with some outstanding artists. And we think the audience will see a performance that will be enjoyable and exciting."

The Company, founded in 1968, has 11 dancers. It is known for its lighthearted, whimsical choreography as well as its strong performing technique. Dance News magazine has called it "Boston's best export" and the New York Times says that "its dance is as lighthearted as its name".

THANK YOU TO LOCAL ORGANIZATIONS

Seniors leaving Old Rochester Regional High School this year and going on to college next fall will be feeling the effects of federal cutbacks in the form of reduced financial aid packages.

Many colleges will be unable to offer as much aid to incoming freshmen as they would like. Much of their federally funded aid will be offered to returning upperclassmen rather than freshmen. One private Massachusetts institution will be offering financial aid to 155 freshmen, although 450 of the accepted

500 freshmen definitely qualify for aid.

It is with this information in hand that I wish to take the opportunity to thank all of our tri-town organizations for the wonderful job they do in providing scholarships for our college-bound seniors. In many cases, these local awards mean the difference between attending college and not attending. These groups work hard to raise the money to fund scholarships. And, in a time of economic strain, fund-raising is not an easy undertaking. It is a credit to the three towns that there are people willing to help our young people continue their education.

On behalf of the Old Rochester seniors and the Guidance Department, I wish to recognize the following organizations: Sippican Woman's Club, Mattapoisett Woman's Club, Rochester Woman's Club (Raymond Hartley Memorial Scholarship), Mattapoisett Police and Firefighters, Marion Mothers' Club, Marion Social Club, Marion Art Center, Old Rochester Teachers' Association, Old Rochester Parents' Group, Tobey Hospital Volunteers, Benjamin Cushing V.F.W. Post #2425 (Benjamin Cushing Memorial Scholarship), Benjamin D. Cushing Post #2425 Auxiliary (Charlotte Rogers Memorial Award), Sippican Sentinel, Marion Garden Club, W.A.R.M. Radio Club (Old Sarge Scholarship), Plymouth Forest Wardens Firefighters Association (Sherman Briggs Memorial Scholarship), Sippican Senior Citizens (William Clough Memorial Scholarship), Wareham Regular Police Officers Association and the Plymouth County Education Association.

KITE CONTEST

Sunny skies and brisk breezes contributed to making Old Hammondtown School's third annual kite contest a huge success. More than one hundred students piloted their homemade kites against the stiff unpredictable wind. Sometimes their original creations soared to new heights only to plummet to the ground an instant later.

New Softball Team

Mattapoisett 3 stands for a new softball team. It is the new team that just entered the Capeway League here in Mattapoisett. This is the team's first year in the league, but has played most of the teams last year in non-league play. The Mattapoisett 3 was voted in the Capeway League this past February. The team is basically built up from last year's squad but there are some new players who have joined the team. The team is comprised of young adults who had experience in team play in high school. The

place in the fifth grade division, and a ferocious-looking six-foot long dragon designed by Kelly Hanna and Kim Pease walked away the winner in the sixth grade.

Congratulations to all of the contestants who helped make kite day an exciting day for everyone involved. The kites are currently hanging in the lobby of Old Hammondtown School.

Those two very important people who are responsible for the start of this organization are Bruce Mathieson and Steven Roedl.

The question has popped up all the time, why all this preparation for a pick-up softball team that plays on Sunday mornings.

"This team started from scratch with nothing but a dozen ideas. We simply got lucky. We got 3 sponsors in town. All are well known in their line of work. We got new equipment, new uniforms and a lot of support that's getting bigger all the time. I feel that all the people who helped this team get off the ground didn't have to but they did. And having a well organized team this is my way of saying thanks." That statement was made by Bruce Mathieson.

Managing the Mattapoisett 3 team is Manny Santos. He has been 20 years as a player in organization softball. Although this is his first year in the managing point of view, his interest is outfield and he has played left field. His last involvement in softball was last year coaching girls' softball. He has been out of organized softball 5 years. Teams he has been involved in over the years are United Social Club, 5 years, and Captain Vin's, Capeway League, 2 years.

Vin Walker, assistant manager, has been involved in softball for more than 30 years. He retired because of getting too old for

He is quoted as saying: "This team is following the same footsteps of my other 3 championship teams. This team by far has the potential and skill that I've had with all three teams combined. I understand that we are 0-4 now, we now know what we're up against. The tide will soon be turning." Vin Walker is a part time manager because of his job. He is a fisherman out of New Bedford.
